

TextMyGov Announcement

The Charter Township of Port Huron is thrilled to introduce TextMyGov, a convenient and smart text messaging service! This service will enable residents to effortlessly receive important notifications.

The Port Huron Township will officially launch the new text messaging system to the public on November 7, 2025. Residents may receive a text message from **91896** from the Charter Township of Port Huron initiating the service. You can choose to opt-out at any time by texting **STOP**.

If you don't receive the initial message, you can choose to opt-in anytime by texting the keyword **"PHTWPMI"** to the number **91896**. After sending the initial keyword, you will be asked to reply **"YES"** to confirm opt-in. Residents may receive notifications for **emergencies, water main breaks, events**, etc.

The township's use of this technology is another example of how our community enhances resident services by implementing 21st-century solutions. We're excited about this new way of communicating with residents and look forward to sharing important township notifications. Other governmental entities across the country are utilizing this system with great success. Stay informed, stay ahead.

Sincerely,
Port Huron Charter Township
